### **3. Mitigation Web Page**

The SHPO has added a web page highlighting mitigation projects through Section 106 and the Coastal Zone Program. This mitigation page is designed to give federal and state agencies, consultants, and applicants examples of historic preservation mitigation projects. The page can be accessed from our "Project Review Guidance" web page, or directly at

Is there a mitigation project you think we should feature on the website? Contact Rebekah Dobrasko (803-896-6183 or [dobrasko@scdah.state.sc.us](mailto:dobrasko@scdah.state.sc.us)) and tell us!
