Archives & History Photo Contest: Deadline April 25

The South Carolina Department of Archives and History, along with the State Historic Preservation Office, is hosting a photography contest through April 25, 2015. Here's how to enter:

Take a photo of a historically significant building, home, area, piece of land, etc., and email it to: ghardee@scdah.sc.gov. In the subject line, place the words "photo contest." Please provide a description of the photo and a few sentences describing what it means to you. Be as creative as you want, but special consideration will be given to South Carolina's National Register properties. For a list of South Carolina's National Register

properties, visit: <http://www.nationalregister.sc.gov/>. Entries must be received by 5 p.m. on April 25, 2015 and must be in .jpg format in their full resolution.

We will pick the top ten photos and display them on our [Facebook page](#), and will then let our followers choose the winner. We will give each person credit for his or her photo. However, by sending it in, you give the South Carolina Department of Archives and History permission to use the photo online or in publications. (Regardless, you will still always be credited for your work.) Please submit your own work, and make sure you do not trespass on private property in order to get your photo. Historic organizations may also submit photos, but they must be taken by a member of the organization.

For a complete description of the contest or if you have questions please contact Geoffrey Hardee at ghardee@scdah.sc.gov.

Preservation50

2016 will mark the 50th anniversary of passage of the National Historic Preservation Act, the country's most important preservation law. Among other things, the law established the National Register of Historic Places as the nation's official list of historic resources worthy of preservation. It also provided for state and tribal preservation offices, Certified Local Government programs, the Section 106 planning and review process to take into account the effect of federally supported projects on historic properties, and a preservation fund derived from proceeds of Outer Continental Shelf oil and gas leases. The [Preservation50 Web site](#) is up and has anniversary logos, a prospectus, a list of partners, a survey, and other information available for downloading.

Updated National Register Listing in North Carolina Has South Carolina Ties

The National Register of Historic Places recently accepted a newly completed nomination for the Flat Rock Historic District in North Carolina. Flat Rock was established as a summer resort by South Carolina planters seeking to escape the heat and unhealthy conditions of the Lowcountry. Listed in the National Register for more than forty years, the Flat Rock Historic District documentation and district boundaries were re-examined, and the new nomination fully describes and delineates the historic buildings and landscapes in the resort community, and also examines the town's 20th-century development and architecture through 1965. See [Flat Rock Historic District Boundary Increase, Boundary Decrease and Additional Documentation](#).
